× Official memo No 111 dated 7th May 1886.
Do No 695 dated 28th October 1887
Do No 276 of 11th August 1888.
Do No 1569 of 15th November 1888.

Adverting to the communications marginally noted regarding the so called Battayi lands below Survamanyam Hosahulli Tank Cheeroyapatna Taluk, forming the subject of dispute between Sowcar Bhurmanna and Ryots Ranjegowda and others I have the honor to state that in the Dewan's Proceedings No 6701/71 which was a reply

15 15

to the French Rocks Sub Division

officer's letter No 177 of 17th December 1885

it was observed that it is not desirable

to continue the Battayi tenure after

introduction of survey settlement, and

that should any occupancy rights

in said lands be formed meanwhile,

(ie before settlement) the lands should

be sold by competition to the highest

bidder if the Ishmidars decline to take up.

2. Before it could be ascertained

by enquiry which was ordered, if there

were any occupancy rights in the lands

in question, the survey settlement of the

Suvarnamyem villages belonging to the

Taluk took place in 1886.87. In 1887.88

the settlement was enforced as regards

all but the lands in dispute which are

16 (16

noted in the margin*.

3. The ryots assert that they have been long in the enjoyment of the lands in question under Battaji tenure, and that therefore they should be confirmed in their right or that the lands may be given out to them on the survey assessment.

4. Sowcar Bhemmanah contends that he is entitled to be granted the lands in question on survey assessment as a special consideration as his object is to apply the produce of the lands towards the maintenance of a Chuttrum, contemplated by him to be opened for feeding Brahmins Jains and others —.

* 4 Survey Nos } Acres ... Assessment
22 Pitkay Nos } 62. 5 Rs. 310. 4. -

5. Kardi Anantappa and Pootappa offer to take up the lands on Survey assessment agreeing to pay a valuation of Rs 100 per Kandy of land; and urge they would bid high if there be competition.

6. One Mutty Bharmanna states that he would take up the lands paying a valuation being one Rupee more than that of other bidders.

7. The Swamy of the Mutt urges that the Mutt and temple will seriously suffer if the Battaji tenure be ordered to be discontinued and that in such a case the lands may at least be registered in the Khata of the Swamy the cultivating ryots being treated in the light of Shikamidars.

8. as regards.

8. As regards the claims of the Ryots it has been elicited from the Pahani- Battayi accounts of the village which have been available only for 22 years past, that some of the present holders are either men whose names appear in the said 22 years' accounts or their heirs; that a few others allege and have adduced proofs that in recent years they obtained the occupancy rights by purchase from the original holders whose names are entered in the said accounts: and that the rest are persons whose names do not agree with those entered in the accounts. I may state that none of these holders have been able to produce any proofs as to how the right was acquired—

18

originally. (19) 19

9. The applications of certain persons named above to take up the lands on payment of valuation is no doubt to the advantage of the Inamdars' Estate, but it is neither fair to the ryots nor profitable in an unqualified sense, and is at all events distasteful to the Inamdar as it involves the deprivation of the right of the Inamdars to the land. On a perusal of the settlement papers the Superintendent, Revenue Survey, has observed that in cases of Government villages it is usual to confer the occupancy right to the Battaya-holders on the Survey assessment at the Survey settlement; that in cases of Inam Should any Inamdar be

found to have been a Khatedar
prior to settlement he should be so
registered at settlement time; and that
on completion of the enquiry in the
present case the result may be com-
municated to the Survey Department
for settlement.

10. In the interests of the Protection
it is a question whether the occupancy
rights in the lands under dispute may
be given out either to Sowcar Bhurmanna
or to others without putting them to
competition in case Government is not
pleased to give preference to the
claims of Inamdars.

11 I have also to state for information
that the Inamdars who now so strongly
contend for the lands declined to erect

the Survey Bhandos at their cost which was therefore ordered to be met from the Revenue of the Swamanayem villages. These men moreover have not shewn proof that they enjoyed the lands previous to the creation of the Battayi tenure. × Proc No 5-300-7 / 130 dated 27th Nov 82 Page 63 Rev Manl.

12. Strictly speaking, all the lands must be held to have been in the Khata of the Inamdar up to date of survey settlement, for no ryot held the land on Kandayem tenure and the Inamdar collected varam from each subtenant. This is the case even now, pending the settlement of this question. If this circumstance is sufficient to treat the Inamdar as Pattadar at time of survey settlement then the present Khata must be made

be made out in the name of the Mirasdar according to settlement rules. But if with a view of a better administration of the Mram the Government decide to convert all this Batai or Panja lands to Mirasdaryem lands, the question should be raised with regard to the Kulvi rights of the sub tenants.

The following statement gives a fairly correct analysis of the ryots' rights.

valuation calculated on the sales of the last description of lands may be collected from the present cultivators in commutation of the Ryotwars' existing rights and lands conferred to them without sale. In case of their refusal to take up lands on the above condition the lands may be sold to the highestbidder.

13. The vernacular file of papers is also submitted for needful reference and obliging return as called for in Govt Memorandum No 1569 of 15th November 1888. —

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue)—dated 6th June 1889.

READ THE FOLLOWING PAPER :—

Letter No. 31, dated 22nd February 1889, from the Deputy Commissioner, Hassan District, submitting report on the petitions of Sahukar Bharmanna, Karadi Anantappa and others of Channarayapatna Taluk.

No. 1726—72, DATED BANGALORE, 6th JUNE 1889.

ORDER THEREON.—The papers read above relate to the disposal of 62 acres and 5 guntas assessed at Rs. 310-4-0 and belonging to the Sarvamanyam Village of Sravana Belgola in the Channarayapatna Taluk. The village which is under Government management has been surveyed and settled.

2. The lands under dispute are reported to be valuable and the question raised is whether they should be confirmed to the cultivators upon the survey assessment, or whether they should be sold subject to such assessment, or whether they should be registered as belonging to the *Pannia* or private Khate of the Inamdar (the Sravana Belgola Matt). Sahukar Bharmanna is one of the applicants for the land and urges that the Government may favorably consider his request as he proposes to endow his "Anna Chattra" with the proceeds of this wet land. He is willing to pay to the Matt the survey assessment and is prepared to buy the land at a fair valuation.

3. As regards the several claims, the strongest of course is that of the raiyats who have cultivated under the Batayi system, paying half the produce as *Varam* rent. The Deputy Commissioner has enquired into their claim with some care and is of the opinion that the raiyats of Survey No. 141--46 acres and 32 guntas--have cultivated this extent from 1865—66 without interruption, that the raiyats of No. 26 have cultivated 7 acres and 12 guntas during the past 12 years and that the cultivation of these 7 acres and 34 guntas has commenced from comparatively recent dates. After careful consideration, the Government are of opinion that none of the raiyats in question can be regarded as *Kadim* tenants as defined in the Revenue Code, and that they are mere tenants-at-will under the Inamdar.

4. The Government has no right to create new occupancy rights by conversion of Batayi into Nagadiyat in an Inam village under Government administration on trust, unless it can be shown that such conversion is for the benefit of the Inamdar. In the present case it is abundantly clear that the Matt will lose by the conversion and the Government accordingly directs that the lands in question be registered in the khate of the Matt, and leased to the present cultivators on an annual tenancy on therent hitherto usual.

5. Vernacular Proceedings are returned.
